

bill_length

A Venn diagram with three overlapping ellipses representing datasets: Adelie (orange), Gentoo (green), and Chinstrap (purple). The intersection of all three ellipses is shaded gray and labeled 'pooled' with a cross symbol. The intersection of Adelie and Gentoo is labeled 'Adelie + Gentoo' with a cross symbol. The intersection of Adelie and Chinstrap is labeled 'Adelie + Chinstrap' with a cross symbol. The intersection of Gentoo and Chinstrap is labeled 'Gentoo + Chinstrap' with a cross symbol. The regions where only one dataset is present are labeled 'Adelie only', 'Gentoo only', and 'Chinstrap only' with cross symbols.
