PERMISSIONS FORM

If you wish to use content from our titles and/or site please fill out this form and post it to the **Permissions Department, Walker Books Ltd, 87 Vauxhall Walk, London SE11 5HJ**, or fax to 020 7587 1123. You can also complete the form online and email to **permissions@walker.co.uk**. We estimate a minimum of **six weeks** from the date of submission for a response to be received to any request, but this estimation may be subject to variation. Please allow sufficient time for our response.

Walker Books reserves all rights in its publications - you may NOT assume if you have submitted a request that permission is granted to you unless and until we have sent you a formal permission licence. You should bear in mind that it takes time to process requests, and we do not always control all rights in the material being requested from us. Furthermore in some instances we have to consult authors, illustrators or literary agents which may add more time to the processing of the request.

FOR ALL REQUESTS PLEASE FILL OUT THE 'YOUR DETAILS/REQUESTED MATERIAL' BOX BELOW AND THEN PROVIDE AS MUCH INFORMATION IN THE RELEVANT BOX ABOUT YOUR PROPOSED USE OF OUR MATERIAL (USING THE 'OTHER INFORMATION' BOX IF NECESSARY):

YOUR DETAILS					
Name	Gavin Klorfine (on behalf of Michael Friendly)		**Company**		
Address	059 Behavioural Sciences Building (BSB), York University, 4700 Keele St., Toronto, ON, Canada, M3J 1P3				
Tel		**Fax**		**Email**	gklorfin@yorku.ca
REQUESTED MATERIAL					
Title & author/illustrator	"Where's Wally? The Fantastic Journey" by Martin Handford			**ISBN & Page nos.**	978-1-4063-0587-6
Description of requested material					
"The Deep-Sea Divers," a double-page illustration from Where's Wally? The Fantastic Journey (Walker Books), published in the US as The Great Waldo Search (Boston: Little, Brown, 1989; unpaginated) and now as Where's Waldo? The Fantastic Journey (Candlewick Press). We would reproduce part of this illustration (roughly the left two-thirds of the spread), together with an enlarged inset of the area where Waldo appears, with Waldo circled.

Dates		Venue(s) & seating capacity	
No. of performances planned			
How will the material be used?			
Will there be a musical accompaniment to the piece?			
Illustrations to be used?			
Other info			

TELEVISION / RADIO USE	
Straight reading of the text?	
Illustrations to be used?	
If illustrations to be used, do you propose a partial or full animation?	
Duration of programme	
Date(s) of broadcast(s)	
Where programme will be broadcast	
Other info	

OTHER INFORMATION

The illustration appears once, as Figure 9.2 in Chapter 9, which deals with collinearity in regression. It supports an analogy: just as Waldo is hard to spot among the many other figures wearing red and white stripes, the important values in a table of statistical diagnostics are easy to miss among many irrelevant ones. The figure takes up less than half of one page (under 0.1% of the book).
