Subject line: Permission request for CRC Press book

Hi [person/publisher/etc.],

I am writing to request permission to reprint the following material in a book that CRC Press will soon be publishing in the academic market.

The material for which I am requesting permission is:

[bibliographic info including page range and (if applicable) word count]

to be reprinted in:

Visualizing Multivariate Data and Models in R by Michael Friendly; proposed date of publication is 2027. Approximately 520 pages.

We require commercial, non-exclusive, worldwide English language rights in all forms and media, including print and eBook form, for the lifetime of the edition.

Appropriate credit will be given in the book's acknowledgements and/or alongside the material. Please indicate your preferred wording.

If you have any questions about this request, please contact either Michael or myself (his research assistant). Michael can be contacted via friendly@yorku.ca and I can be contacted via gklorfin@yorku.ca.

Many thanks for your attention to this request.

Best,
Gavin Klorfine
